

Weekly Goals

This is a suggested guide to help students keep up with work on their projects. To be successful, students should follow a regular schedule and turn in a one-page project description, research notes, bibliography, and revisions on a regular basis. If everything is left to the "last minute," chances of success are limited.

DATE	GOAL
September	Topic Selection
	One-fourth of notes completed by mid-month
	Half of notes completed by end of month
October	Three-fourths of notes completed by mid-month
	All sources read & all notes completed by end of month
	Bibliography due
	Project proposal outline due
November	Final project, annotated bibliography, one- or two-page project summary due
