FORT LANCASTER
This remote military post in the Pecos River valley commemorates the vestiges of a fort established in 1855 to protect the military route between San Antonio and El Paso. It is the only U.S. Army fort in Texas directly attacked by American Indians. Wander through the ruins imagining the once impressive establishment of over 30 buildings including a hospital, officer’s quarters, and barracks.

629 Fort Lancaster Rd., Sheffield, TX 79781
432-836-4391

Tuesday–Saturday 9 a.m.–5 p.m.
